Mobile Food Unit Requirements

What is a Mobile Food Unit?

As defined in Chapter 10, Food Safety, of the Peoria County Code; a Mobile Food Unit is a vehicle-mounted food establishment designed and operated to be readily movable, e.g., mobile truck moving from location to location continuously. The unit shall not have permanent connections to water, wastewater, or electricity. This term includes trailer-mounted kitchens.

Do all Mobile Food Units have to have a Food Safety License?

Yes. All Food Establishments operating in Peoria County must have a Food Safety License issued by the Peoria City/County Health Department.

What regulations apply to Mobile Food Units?

- Chapter 10, Food Safety, of the Peoria County Code
- Illinois Department of Public Health Food Service Sanitation Code
- Any other applicable local or state ordinances or codes, including City or Township ordinances, Zoning Codes, Plumbing Code, Fire Code, etc.

What types of licenses are available for Mobile Food Units?

There are two types of licenses available for Mobile Food Units:

- *Temporary Event Licenses* – These licenses are valid for up to fourteen consecutive days at the same location in conjunction with an event.
- *Mobile Food Unit License* – This license is available both annually (good from January 1-December 31) or seasonally (good for 8 months per calendar year). This license is valid for all locations within Peoria County. Fees for this license vary depending on the risk level of the establishment.

How is Risk Level determined?

The risk level is determined during the plan review process and is based on menu, population served, and food processing procedures. There are three risk levels — Category I, Category II, and Category III.

What are general requirements for a Mobile Food Unit?

General

- All Mobile Food Units are required to operate in conjunction with a licensed commissary. The Mobile Food Unit must return to the commissary daily for all cleaning and servicing operations including the filling of the water tank and emptying of the wastewater tank. If the licensed commissary is not under the same ownership as the Mobile Food Unit, a Commissary Agreement must be submitted with the plan review application. If the commissary is located outside of Peoria County, a copy of the current food license and most recent inspection report must be submitted.
- A Mobile Food Unit Itinerary and Operating Schedule must be provided and updated as needed.
- Mobile Food Units must have a source of power to operate cooking equipment, pumps, and refrigeration units.
- Only single use articles such as to-go containers, paper plates, and plastic utensils may be provided for use by the consumer.
- All food must be from an approved source.

Continued

Food Equipment and Surfaces

- All surfaces must be non-absorbent, smooth, and easily cleanable.
- Enough refrigeration or freezer units must be available to keep food items at 41 degrees F or less at all times.
- Enough hot holding equipment must be available to maintain hot foods at 135 degrees F or above at all times.
- Walls, floors, and ceilings must meet the Illinois Department of Public Health Food Service Sanitation Code requirements.
- All lighting must be shielded to protect food and surfaces from the possibility of contamination due to broken glass.

Pest Control

- All Mobile Food Units must be completely enclosed.
- Doors and windows must protect against the entrance of pests. Doors must be self-closing. Windows must be screened with a material that is 16-mesh to the inch or finer.
- Food Service windows must also protect against the entrance of pests by means of sliding windows, screening, air curtains, or other means.

Restrooms

- If the Mobile Food Unit does not have an on-board restroom, and will be at one location for two or more hours, alternative restrooms must be found within 200 feet of the location. A Restroom Agreement Form must be submitted for EACH location where the Mobile Food Unit will be located.

How is a Food Safety License obtained for a Mobile Food Unit?

Step One – Initial Inquiry

- Contact Environmental Health for a Plan Review Application Packet (light purple) and a copy of the current Peoria County Food Safety Code.

Step Two – Submit Plans

The following items must be submitted before your plans will be evaluated:

- A completed Plan Review Application (light purple)
- A copy of your proposed menu (use space on page 3).
- Mobile Food Unit itinerary and operating schedule
- Commissary Agreement (if applicable)
- Copies of the Commissary's current food license and most recent inspection report. (if applicable)
- Restroom Agreement (if applicable)
- Plan Review Fee: \$175. Payable by check, cash, money order, or credit or debit card. Service fees will be assessed when using a credit or debit card.

Step Three – Review Process

- The plans will be reviewed **ONLY** after all the above required documents and fees have been submitted.
- An incomplete Plan Review Application Packet will be returned. This will delay the approval process.
- All Plan Review Applications and any additional information or revisions will be reviewed in the order in which they are received.
- Please allow up to ten (10) business days to review the plans once all required documents are received.

Step Four – Approval Process

- Changes to your plans or additional information may be required prior to plan approval.
- Any changes to the submitted plans must be pre-approved by this department before construction begins.
- You must notify this department for approval should a change be made during construction.

Step Five – Preliminary Inspection and Final Approval

- After your plans have been approved and work has begun, contact the Environmental Health Practitioner I to schedule a preliminary inspection (optional). A preliminary inspection report will be provided to you at this inspection. Items that require correction will be noted.
- When the Mobile Food Unit is finished and all equipment is in place and operational, a final inspection can be scheduled. All equipment must be on and functioning properly during this inspection. If the establishment meets code and no major corrections are needed, final approval to operate will be given.
- License fees must be paid prior to final approval to operate.
- Please allow at least one week to schedule preliminary or final inspections.
